

WordPress 3.1.3

Atahualpa 3.6.7

Create and view a test post.

"Test Post" title is displayed.

The screenshot shows a WordPress post page. At the top right, there are navigation links: "Important Dates »" (in red), "ETS NEWS" (in blue), "Test Post" (in blue), and "Important Dates" (in blue). The main content area features a large red-bordered box containing the title "Test Post". Below the title is the author information "BY DALE BOND, ON JUNE 9TH, 2011". The post content itself contains the text "This is a test of the duplicate title bug.". At the bottom left, there are edit links: "UNCATEGORIZED" and "EDIT".

ATO > Configure SEO > Use Page / Post Options: set to "Yes"

Make a revision to the test post.

Select Update button.

View updated test post.

Duplicate post titles are displayed: "Test PostTest Post"
